23 OCT 1961

MEMORANDUM FOR: AFCIG-5
Headquarters USAF

ATTENTION: Colonel L. P. Geary

SUBJECT: Support for FLIPTOP Operation

1. It is requested that assistance and/or coordination be provided in support of a FLIPTOP operation planned for 26 October 1961. This will be the first operational mission flown since gaining an inflight refueling capability, and it is highly desirable to employ the tactic in conjunction with this relatively safe ZI type requirement. In addition to exercising the capability under operational conditions, it will preclude the necessity of the Del Rio stagings on future missions of this kind. In the event no problems are encountered on this trial exercise, it is anticipated that on future FLIPTOP sorties, two Edwards AFB men can recover the vehicle, refuel and launch the replacement, and ferry the pilot back to Edwards in about an hour after the post strike landing.

2. The following support is requested:

a. KC-135 Tanker (Major Thornton's crew)

Rendezvous at Corpus Christi RBN, 35000 at 1028Z, 26 October 1961. Approximately 5000 pounds off-load.

b. Coordinate Laughlin AFB facilities for staging team of approximately 7 men to arrive 2000Z, 25 October, and depart not later than 1400Z, 27 October 1961.
